Encl: As above
The ECO Science Foundation (ECOSF) presents its compliments to the Ministry of Science and Technology of Islamic Republic of Pakistan, ECO Secretariat, Tehran-Iran and Embassies of ECO Countries in Islamabad and has the pleasure to state that "6th International Conference on Management of Technology (IRAMOT 2016)" is being organized by Iranian Association for Management of Technology (IRAMOT) and ECO Science Foundation (ECOSF) from 7-8 December 2016 at Tehran, Iran.

The main objective of the conference is to bring together scholars from different disciplines to enhance the quality of technology and innovation studies in relation to development and growth in the context of international interactions and accelerating pace of change. The conference is going to provide a platform for establishment of scientific and technological cooperation among national and international researchers and experts, as well as introduction of national and international best practices in these fields.

Above in view, ECOSF would like to invite the participation from its member countries to attend the conference. In this context, the participants will be provided by most economical air ticket and local hospitality including hotel accommodation and local transportation, maximum of two participants from each member country except the host (Iran). The deadline for submission of Papers is 15 September 2016. The Brochure and Application Form of the conference are attached herewith.

The ECO Science Foundation avails itself of this opportunity to renew to the esteemed Ministry of Science and Technology of Islamic Republic of Pakistan ECO Secretariat and Embassies of ECO Countries in Islamabad, the assurance of its highest consideration.
